been a great sufferer for a long time was cured at Bethel church Saturday. He is the last brother of a large and worthy family. His wife and children have our deepest sympathy.

Mr. Joe Bondurant, Sr., has been very ill and is still in a serious condition. He is the oldest citizen in this section, has lived a long and useful life and raised a large family of boys and girls.

Sunday was such a bright and beautiful day, birds were singing, children out on the lawn romping and laughing, housewives rejoicing that they could soon be gardening, but this m. w. had it cold enough for a m. w. However bright and clear for which we are thankful. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone.

TAKES

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health and can do my work. I feel I owe it to Cardui, for it was a dreadful condition."

If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

The Slacker Getting His

The long arm of the government is reaching out for the "slacker." Those who were successful in evading military service in the late war will have to pay the penalty for that privilege. According to the department of justice, approximately 35,000 "slackers" have been rounded up so far. Of this number hundreds have been convicted and sentenced to jail terms in federal penitentiaries. Others are awaiting arraignment. Some have been given light punishment because it was found that while their classifications could be changed as "irregular" there was no intention of fraud. The names of "slackers" are divided into two categories, "willful" and "unwillful." The "willful" category includes those who have evaded service by fraud, and the "unwillful" category includes those who have evaded service by mistake. The "willful" category is further divided into two sub-categories, "conscientious objectors" and "deserters." The "unwillful" category is further divided into two sub-categories, "draft dodgers" and "draft evaders." The "conscientious objectors" are those who have refused to serve on the grounds of religious or moral beliefs. The "deserters" are those who have deserted from the military service. The "draft dodgers" are those who have evaded service by various means, such as hiding out, or using false names. The "draft evaders" are those who have evaded service by various means, such as using false names, or hiding out. The "conscientious objectors" are those who have refused to serve on the grounds of religious or moral beliefs. The "deserters" are those who have deserted from the military service. The "draft dodgers" are those who have evaded service by various means, such as hiding out, or using false names. The "draft evaders" are those who have evaded service by various means, such as using false names, or hiding out.

Mr. LeSteuere came off the 17th, and good prices were obtained for what he offered.

In class white oak trees selling for \$1.25 each, and I heard of one man who sold a load of road trees for \$24.

Eggs are in great demand at prices ranging from \$3 to \$10. Eggs gone down to 30 and 35 cents, half selling at \$2 per hundred pounds. Our local smiths have been for 60 cents where shoes and nails are furnished with a center set for 80 cents. I paid 30 cents a set for shoes and nails at one store and 44 cents at another. Flour selling for \$13, \$14, and \$15. Apples more plentiful at 5 and 6 cents each. Much corn in the strong demand at prices ranging from \$4 to \$10. Carpenters getting \$3.50 a day.

Most of the one and two room schools are about to close. The spring examinations of teachers will be held here on April 10th and May 1st of this year. Only two pupils of the Buchanan High school expect to graduate this year, and these are Misses Stella Stauffer and Edna Hamilton. Professor Brown, wife and little boy have all been sick.

The next term of circuit court will open here D. V. on Tuesday, May 11.

Wheeler

We congratulate you on succeeding in getting a good printer. The Times is handsome in the new dress and reading matter in good, I enjoy all of it, but fear there is too much attractive news outside and not enough from our own and neighboring country. Write the Appomattox correspondent.

We have still been blessed in the way of it, only one case and that recovered, but death will come without an epidemic. Mr. Mack Carson who has

Health About Gone

Many thousands of women suffering from women's troubles have been benefited by the use of Cardui. The woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Haynes, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. J. I. Bondurant, and I could not get any improvement, and I could not do my work. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."
